STOWE

BE PREPARED

Mount Mansfield's tundra ridgeline is accessible from both the Gondola and the Toll Road summit parking lot. From the top of the Toll Road it is a moderate hike along the ridge, approximately 1.5 miles from the summit lot to the "Chin"—the highest point.

From the top of the Gondola, it is an extremely challenging .7 mile hike to the ridge. If you plan on hiking the Cliff Trail, please wear proper hiking boots and proper clothing and be prepared for tough, rocky terrain!

Mountain weather is unpredictable and changes fast. If you plan to hike along the ridge, we suggest carrying water and warm clothes. If you are caught in an electrical storm, get below the treeline and do not seek shelter in caves! If you plan an extended hike, bring a map and food.

Know where you parked and the name of the trail you are hiking.

Trail Markings - The Long Trail is marked with 2"x6" white blazes. All other trails are marked with blue blazes.

Dial 911 in an emergency and stay on the line until the dispatcher releases you. To reach Stowe Mountain Resort call (802) 253-3000.
